SEMINOLE CELEBRITY CATCH & RELEASE Fishing Tournament Rules

1. Lines in the water at 7:30 a.m. Saturday, July 13, 2019. Anyone found starting early will be forced to wear orange and blue.
2. This is a sporting contest. All fish (except bait) must be taken with a rod and reel by a member of your team. Line and leader are angler's choice. Live, artificial or dead bait is permitted. No fishing from boat ramps, fuel docks, bait docks, or pet fish permitted. Wading is permitted. A combustion engine may not be on while an angler is in the water.
3. Each team can turn in photographs of their largest snook, redfish, and trout of any size. All photographs must show the fish on the official measuring stick. The tip of the fish's mouth must be at the "0" and the photograph must show the entire fish and the measuring stick while using the pinch the tail method. Anglers are responsible for providing a clear, readable photograph, to be determined solely by the weigh masters. Any photo can be disqualified by the weigh masters if it is not in keeping with these rules.
4. Teams will be scored based upon the aggregate total length of their top **two** fish with each fish rounded up to the nearest half inch. Teams will score their largest **two** fish from a snook, a redfish and/or trout. Teams scoring two **different** target species will get an additional 10 inches added to their total length. Teams with all three target species will get an additional 10 inches for recording an inshore slam. Fish do not have to be any minimum or maximum length to be scored.
5. Prizes will be awarded to the top three teams, as well as the top non-guided team not in the top three, with the highest score based on the scoring system above. Additional prizes will be offered for the youth angler (age 12 and under) with the longest target fish, the female angler with the longest target fish, and for the largest snook and largest redfish caught. We will also have a Calcutta for the **smallest** snook caught on a hook and line.
6. All fish will be released live by the anglers after being photographed.
7. The tournament will end at 3:00 p.m. The weigh station will open at 2:00 pm. All teams must be either on or within 150 feet of the Tween waters fuel dock no later than 3:00pm or will be disqualified. All score cards will be turned into the weigh masters where teams pictures will be confirmed to match what is on their score cards and applicable fish will be weighed.
8. The tournament weigh master's decision is final. If a tie occurs, the team to weigh in first becomes the winner.
9. Remember to have fun! Go NOLES!
