How is this scholarship impacting your education?

This scholarship is allowing my family to be able to afford tuition with much less financial strain than there would've been otherwise. Without this scholarship I may have had to choose a different school for financial reasons

Please describe your career goals:

My plan is to earn the highest GPA possible and work at KOMU during my time at Mizzou so that I can go on to work as a reporter after I graduate

What are you involved in at Mizzou?

I'm involved in Tiger's Liar and Zou Crew where I attend all the football games and plan to attend all the basketball games to contribute to school spirit

Personal note from your scholar:

Thank you so much for providing me with this scholarship. I was nervous about the extra cost of choosing an out of state school but this scholarship has allowed me to be able to attend Mizzou with much less financial burden and I'm so grateful that I'm able to attend my first choice school where I know I'm getting a good education. Thank you so much

What inspired you to attend Mizzou?

Mizzou's dedication to helping their students succeed and the resources available to help students in every aspect of life so they can do well in school is very inspiring to me. This dedication to the students as well as the general good spirits around campus is what inspired me to attend Mizzou
